Submitter's Comments about the plan:

One of the primary issues that residents care about is moving through the city and how traffic impacts their lives. East Vista Way, Santa Fe, Melrose, and Sunset are heavily traveled. I've tried to draw the map so that each district defined is bounded by at least one of these roads so that more than one district will be able to have input on city decisions or activity along those roads. I live in the area south of the 78 and east of Melrose, with 808 residents. My area has more in common with the Breeze Hill area than the northeast section of town, which is why I've drawn it as contiguous to the western section of the city.
