Subject: Vista district map draft

Dear Dr. Levitt:

Although I submitted a draft (KFukuyama1,) I prefer SSpinks1 draft done by Sarah Spinks.

As her husband explained at the special council meeting on May 18, they selected units for each district based on community characters. District "A" is mostly downtown area where residents can access to stores, restaurants and schools on foot. "B" is semi-rural area, "C" is a combination of business along hwy 78 and residential areas, and "D" is mostly track homes in Shadowridge community. I believe residents in each district defined by Sarah have sense of a community and share the common desires and issues.

Thank you,

Katsuyo Fukuyama
